

Kia Montgomery

Houston, TX | (346) 427-9465 | kmontgomery1292@gmail.com

PROFESSIONAL SUMMARY

HR Transformation consultant with 9+ years of experience spanning management consulting, federal HR program delivery, and HR operations leadership. Proven track record advising clients on **HR strategy, operating model design, workforce planning, and large-scale HRIS modernization**. Skilled at leading cross-functional teams, managing complex program risk, and translating data-driven insights into executive-ready recommendations. Adept at building trusted client relationships and delivering measurable outcomes in fast-paced, matrixed environments.

PROFESSIONAL EXPERIENCE

IBM

Senior Consultant | HR Strategy & Transformation | Houston, TX | January 2024 – Present

- Served as **delivery lead** and advisor for a federal **HR Line of Business (LOB)** program (**Oracle PeopleSoft-based**), overseeing active payroll implementation and ongoing system maintenance across four federal agencies; led **50+ technical and functional consultants** with zero delivery disruption.
- Advised federal HR leadership on **workforce optimization strategy** and **technology roadmap prioritization** to align HR capabilities with agency mission objectives and long-term transformation goals.
- Designed **HR performance dashboards** using **Power BI, Monday.com, and Claude** to consolidate payroll, labor forecasting, utilization, and risk metrics, enabling data-driven executive decisions across **\$11.1M in contract funding for 100+ personnel**.
- Led **risk and quality management** across the program: tracked **50+ program risks, 350+ change requests**, and **30+ contractual deliverables** within an **Integrated Master Schedule (IMS)**; ensured compliance with federal regulations, agency security protocols, and contractual SLA requirements.
- Served as interim lead across multiple senior workstreams; maintained client and vendor relationships, facilitated **IPT/CCB governance**, and partnered with the **Contracting Officer Representative (COR)** on security onboarding for **100+ resources**.
- Contributed to **strategic planning, release roadmap prioritization**, and **SOP development** to standardize operations and improve HR service delivery effectiveness across client agencies.
- Supported **proposal and RFP/RFQ response** efforts to advance program extensions and new task order pursuits; managed contract modifications, task order changes, invoicing, and expense reconciliation using **SAP Concur**.
- Led **AI enablement sessions** training teams on **WatsonX and Microsoft Copilot**; leveraged LLMs including **digital strategy** and **process automation** across the program.
- Mentored junior consultants on program tools, documentation standards, federal client protocols, and delivery best practices; supported staffing, onboarding, and knowledge transfer to maintain team effectiveness and accelerate ramp-up.
- Operated within **SAFe Agile** release framework; led **sprint planning, backlog grooming, and PI planning**; tracked sprint progress and team velocity in **Jira**.
- Executed **regression and functional testing** across AWS environments (INT, TNT, UAT) using **Jira** and **ALM** to manage defects affecting **50,000+ end users**.

ACCENTURE

Strategy & Transformation Consultant | Washington, D.C. | May 2022 – August 2022

- Embedded on a federal **HR transformation program** focused on **organizational change management, HR process modernization, and governance design** to support a headquarters relocation impacting **150+ employees**.
- Advised project leadership on **HR transformation strategy** and **workforce risk**: performed pre/post analyses of employee surveys to identify flight risk, engagement gaps, and operational bottlenecks; synthesized findings into an **executive risk brief** for senior stakeholders.
- Designed and implemented a phased, **role-based change management and adoption roadmap** to maximize workforce continuity, minimize disruption, and sustain productivity throughout the transition.

- Developed **HR operating model** assets including process maps, governance cadences, and communications plans; benchmarked relocation packages (COLA, transition services, family support) to inform **target operating model design** and workforce strategy recommendations.
- Contributed to **workforce metrics development** and transformation workplan alignment to support measurable program outcomes.

HARRIS COUNTY

HR Division Manager | Houston, TX | January 2016 – August 2021

- Led county-wide **organizational restructuring** across 6 divisions, including role transitions, eliminations, and headcount rebalancing to align workforce with strategic priorities.
- Managed end-to-end **payroll system migration** from **IFAS** to **Oracle PeopleSoft** for **500+ employees**; oversaw UAT, ESS/MSS security configuration, data migration, and user training across HR, IT, and finance, delivering a seamless **HRIS modernization** with minimal operational disruption.
- Designed and tracked **HR performance metrics** and **workforce analytics**: forecasted **\$1–3M annual workforce budget**, monitored PCN burn rates, compensation reclassifications, and allowances using **Excel** to support executive reporting and strategic staffing decisions.
- Ensured **HR compliance** with county regulations, compensation policies, and workforce governance standards across all restructuring and hiring activities.
- Launched a **workplace accommodations internship program** in partnership with the **Texas Workforce Commission**, achieving approximately **70% full-time conversion rate**.
- Managed high-volume **full-cycle recruitment** using **NeoGov**, **Indeed**, and **Workday**; reduced time-to-fill through structured pipeline development across multiple county departments.
- Trained **20+ managers** and **6 directors** on standardized **performance management** evaluation practices, driving consistency and accountability in HR operations county-wide.
